Welcome

Karibu. Welcome to Amara Savannah, a Nairobi-based safari company designing journeys that linger long after the dust settles. We are storytellers, route-finders and travel planners who believe travel should be quiet, considered and unforgettable.

Every itinerary we craft is built around your dates, your pace and the things that move you: the migration on the Mara, the silver beaches of Zanzibar and Diani, the misty gorilla forests of Bwindi and Volcanoes. We plan from the ground, with people we know, and only send you where we would gladly return.

We don't sell trips. We curate memories that outlast the photographs.

THE AMARA SAVANNAH PROMISE

Our story

Amara means grace, and the savannah is where that grace is most visible: the gait of a leopard, the silhouette of an acacia, the hush before the dawn chorus. Amara Savannah lives where those two ideas meet: graceful travel through the African wild.

Our emblem, the letter A drawn as a safari tent with an S-shaped path winding through it, says the same thing. Shelter and journey. Stillness and motion. It is our promise that what we plan for you will be elegant, considered and entirely your own.

ROOTED

in nature, in place, in people.

CURATED

for one journey: yours.

REMEMBERED

long after the flight home.

Spotlight Journeys

The Great Migration

KENYA • TANZANIA • 7-10 NIGHTS

Gorilla Encounters

UGANDA • RWANDA • 5-8 NIGHTS

An hour in the quiet presence of a mountain gorilla family is one of travel's great privileges. We secure permits early and plan every step.

Bush & Beach

KENYA + ZANZIBAR • 9-12 NIGHTS

Track lion on the Mara, then slow down on the beaches of Zanzibar or Diani. One seamless trip, one point of contact.

Skies over the Mara

How It Works

Planning a safari should feel like the start of the journey, not paperwork. Here is the simple path from your first message to your last sundowner.

1

Tell us your dream

A short call, a WhatsApp message or an email. Dates, group size and the feeling you want are enough to begin.

2

We design, you refine

We send a fully costed proposal with lodge options at each stop, then refine it with you until it feels right.

3

Confirm and prepare

A deposit holds your dates. You receive a pre-departure pack with packing list, weather, visa and health notes, and cultural tips.

4

Travel with us beside you

A warm welcome on arrival, a trip contact on WhatsApp throughout and guides who already know your plans.

5

Return, remember, revisit

A welcome-home note and a standing invitation for next time. Members of the Amara Circle enjoy member pricing and early access.

Responsible Travel

Tourism is one of East Africa's most powerful tools for conservation. Done badly, it strips the land; done well, it funds the rangers, schools and communities that keep wild places wild. We aim to be firmly on the second side of that line.

Conservancy-first routing

Where it fits your trip, we choose community conservancies, where visitor fees support the landowners who protect these ecosystems.

Local people, local partners

We work with local guides, drivers, lodges and suppliers so that more of what you spend stays in East Africa.

Lighter footprint

Refillable water bottles on safari, lodges with responsible water and energy practices, and as little single-use plastic as possible.

Wildlife comes first

We follow park rules on viewing distances and off-road driving, and never ask guides to crowd or chase animals. The wild always wins.

Respectful cultural visits

Village and community visits are arranged with the community and its guides, on their terms.

Leave only footprints, take home the stories.
